

Speaker: Michael Weiss, MD

Hypothermia

October 24, 2017

11:00 – 12:00 ~ Live Webinar

Target audience: centers that currently do not offer hypothermia therapy and have to transfer the patients to a level III NICU

Objectives:

1. Identify neonates eligible for therapeutic hypothermia
2. Define pathophysiology of hypoxic ischemic encephalopathy
3. Explain how to stabilize neonates prior to transport

1 free CEU credit available for nurses!

To register to view this webinar, please send an email to livia.sura@peds.ufl.edu including your:

Name:

RN license number:

Hospital/Facility:
